

Westgate Hill Primary Academy

ECO CODE. July 2020

We aim to care for our local and global environment. We will keep our school and local area **free of litter**, **reduce** the amount of rubbish we send to landfill, **reuse** what we can on a daily basis and increase the amount of materials we **recycle**.

Litter

- We will put litter into rubbish and recycling bins both in and out of school.
- We will take part in litter picks within the local area.

Reduce

- We will try to reduce the amount of paper we use.
- We will reduce the amount of single-use plastic we use.

Reuse

- We will keep scrap paper to re-use in our classrooms.
- We will re-use materials to make new things.

Recycle

- We will have a recycling point in every classroom.
- We will recycle paper, card, plastic, metal tins, pens and ink cartridges.

At our school we believe in caring for our environment. Working together, we can make our school and the world around us a more eco-friendly place to live.
